Choice' Grants 2016-17

The Club

We have 70 members

50/50 male/female

All ages – teens to 70s

Activities include

- Racing
- Social rowing
- Introductory sessions for all comers

To buy a new boat cover for our first gig.

Fear Not is the Club's oldest gig, built by Ralph Bird in his workshop at Carnon Mine in 1991, so she is 25 years old this year.

Ralph was one of a small group of people responsible for the revival of gig racing as a sport in the late 1980's, which has been very successful.

Fear Not can also be rigged for sailing – seen here at Falmouth Classics.

And finally....rowing on the Creek in the evening

'Fear Not' is part of the history of Devoran, and particularly worth looking after.

A new boat cover for her costs £600, and any funding that the Parish can help us with towards this will be very much appreciated.

Come and join us, everyone is welcome to try rowing - details on www.devorangigclub.co.uk
